

Tables/Canopies/Tent - Clubs with Purchased D Containers for Gillette

Reminders:

Container dimensions – 46” (long) x 38” (wide) x 36” (tall)

Container must close (with lid) flat and not bulge in any area

ONLY approved items allowed in container - <https://btp.floridaconference.com/wp-content/uploads/2024/06/Container-Items-NOT-Allowed-Gillette-2024-1.pdf>

Clubs do NOT need to try to put tables in containers.

FLC PAD will allow Clubs with Containers to send **tables, 10x10 canopies, a kitchen tent** with poles - these items will NOT fit in the D Container.

Here is the formula:

EVERY Club that has purchased a D Container - will be eligible to also send, in addition to filling their container:

ONE 10x10 canopy

Up to FOUR tables (6ft. or 8 ft.)

ONE Kitchen tent with poles.

ALL ITEMS MUST BE MARKED - with Club name on each item (each pole).

In addition to the above quantities, larger Clubs with more registrations may send more of the above items in the following ratios.

If your Club has **MORE than 40 Registered**, you may:

ADD ONE more 10x10 canopy (*total of two canopies*)

ADD up to TWO more tables. (*total of up to six tables*)

If your Club has **OVER 60 People Registered**:

ADD up to TWO more tables (*total of up to eight tables*)

If your Club has **OVER 100 People Registered**:

ADD One more Canopy (*total of three canopies*)

ADD TWO more tables (*total of up to ten tables*)

ALL Items NOT in the Container MUST be marked – they will all be piled up; Clubs will have to sort thru them in Gillette to find their gear.
